Dear Mr. Beichman:

Thanks for yours of 9 May and I apologize for not replying sooner. You are in fact correct that the State Department did write a letter to Javits for publication which included specific charges of support for terrorism by Libya, Iraq, PDRY and Somalia. I suggest you write Ambassador Heck at the State Department for a copy.

Please let me know when you are next in Washington as I would like to have lunch with you or a drink.

Sincerely yours,

Cord Meyer, Jr.

To C. Meyer Jr., Esq.,
Subject Terrorism & State Department release

I heard yesterday a snatch of a report on radio that Senator Javits had received some kind of report on international terrorism from State, a report which refers to the logistical support for terrorists by Libya, Yemen, Iraq etc. Is it possible to receive this report or whatever it is ?
